Manuscript ID	Paper or Article Title	List of Authors name	Year of Publication	Source, Volume, issue and page numbers	County of Publication- Author 1 country of publication
00000-65886	Enhancing Reliable Data Delivery in MANET Using Particle Swarm Optimization Technique	Jiji Narayanan,	2013	International Journal of Research in Computer Applications & Information Technology 1, 2, 102 - 110	India
00000-65887	Ubiquitous Computing: Everywhere and Anywhere	Ikvinderpal Singh,Jaspreet Kaur,	2014	International Journal of Research in Computer Applications & Information Technology 2, 3, 1 - 8	India
00000-65888	Integrating Distributed Traffic Monitoring Systems using Java Messaging Service Framework	Arindam Banerjee,Saravanaguru RA.K ,Arunkumar Thangavelu,	2013	International Journal of Research in Computer Applications & Information Technology 1, 2, 111 - 116	India
00000-65894	Prolonging the Lifetime of Wireless Sensor Network in Delay-Tolerant Network with a Mobile Sink and Base Station	P. Thirumoorthy ,N. K.Karthikeyan ,B. Manimegalai ,	2014	International Journal of Research in Computer Applications & Information Technology 2, 3, 9 - 15	India
00000-65896	Smart Home Management System using Wireless Sensor Network (WSN)	R. Priyavarshini ,J. Mounika Reddy,S. Anusha ,Balachandar ,	2015	International Journal of Research in Computer Applications & Information Technology 3, 2, 14 - 18	India
00000-65906	Leach and Its Progenies - An Extended Survey	J. Gnanambigai ,N. Rengarajan ,R. Jenifer Prarthana,	2013	International Journal of Research in Computer Applications & Information Technology 1, 2, 117 - 123	India
00000-65907	Man in the Middle Attack of Bluetooth and their Solution	Anuj Kumar,Anshuman Kumar Saurabh,	2014	International Journal of Research in Computer Applications & Information Technology 2, 3, 16 - 21	India
00000-65914	A Hand-Off Mechanism for Vehicular Adhoc-Network (VANET)	Sachin Malik,Madhu Sunkari,	2014	International Journal of Research in Computer Applications & Information	India

Journal Name : International Journal of Research in
Computer Applications & Information Technology
(IJRCAIT)

00000-65916	Minimization Hand off Latency using Stack Based BMBHO Algorithm in LEO Satellite	Debabrata Sarddar,Kuntal Bhowmick,Uttam Kumar Kundu,	2013	Technology 2, 3, 22 - 34 International Journal of Research in Computer Applications & Information Technology 1, 2, 124 - 135	India
00000-65920	Application of ACO for Urban Solid Waste Transportation Problem	Swapam Kumar Maity,	2014	International Journal of Research in Computer Applications & Information Technology 2, 3, 35 - 43	India
00000-65925	Automated Live Forensics Analysis for Volatile Data Acquisition	Bharath B ,Nagoor Meeran A R,	2015	International Journal of Research in Computer Applications & Information Technology 3, 2, 19 - 24	India
00000-65928	Enhancing Cognitive System Self Perception Object Identification Using Neural Network	Saroj Kumar Gupta,Haftom G Egziabher,	2014	International Journal of Research in Computer Applications & Information Technology 2, 3, 44 - 49	Ethiopia
00000-65939	Increasing the Efficiency to Detect Probe Attack in Neuro Fuzzy Approach	Peeyush Rawat,Anshuman Saurabh,	2014	International Journal of Research in Computer Applications & Information Technology 2, 3, 50 - 58	India
00000-65940	Quality Factor Measurement and Improvement of Textual Requirements Using Semantic Similarity Analysis	K.S. Divya ,R. Subha ,S. Palaniswami ,	2013	International Journal of Research in Computer Applications & Information Technology 1, 2, 136 - 141	India
00000-65946	SEARP: Strength based Energy-Aware Routing Protocol for WiMAX Networks	M. Deva Priya,M.L. Valarmathi ,R.K. Shanmugapriya ,	2013	International Journal of Research in Computer Applications & Information Technology 1, 2, 142 - 153	India
00000-65955	Security Requirements Refinement based on Personality Type Analysis	R. Subha ,S. Palaniswami ,	2013	International Journal of Research in Computer Applications & Information Technology 1, 2, 154 - 163	India
00000-65957	Design Space for Reengineering Tool Infrastructures	Ajit Kumar,D.L.Das ,	2014	International Journal of Research in Computer Applications & Information Technology 2, 3, 59 - 74	India
00000-65964	Fuzzy Based Selection of Web Services in Open Source Environment	N. Hema Priya,A.M. Shobana Priya,S. Chandramathi ,	2013	International Journal of Research in Computer Applications & Information Technology 1, 2, 164 - 170	India
00000-65966	Water Demand Management in Some Arab Countries Using GIS	Magdy Shayboub Ali Mahmoud,Samir Mahmoud Adam Abdaalh,	2014	International Journal of Research in Computer Applications & Information Technology 2, 6, 1 - 16	Egypt
00000-65970	Minimization Handoff Failure probability by using Mother Cell Child Cell Models and Frequency Reuse	Ranjan Kumar Mondal,Debabrata Sarddar,	2013	International Journal of Research in Computer Applications & Information Technology 1, 2, 171 - 182	India

**Journal Name : International Journal of Research in
Computer Applications & Information Technology

00000-65977	Fibonacci Based Permutation Tree for 3D Steganography	Tina Maria Thomas,Shiney Thomas,	2014	International Journal of Research in Computer Applications & Information Technology 2, 6, 17 - 26	India
00000-65984	A Review : Click-Based Graphical Password System	S. Manimurugan ,Kesiya mol Varkey,Mereena Achu Thomas,	2014	International Journal of Research in Computer Applications & Information Technology 2, 2, 1 - 4	India
00000-65985	Open Source Infrastructure for Cloud Computing Platform Using Eucalyptus	Rakesh Kumar,Bhanu Bhushan Parashar,	2014	International Journal of Research in Computer Applications & Information Technology 2, 6, 27 - 34	India
00000-65990	A Survey on Data Hiding and Compression Schemes	K. Ramya ,K. Kathiresan ,T. Kalaiarasi ,	2014	International Journal of Research in Computer Applications & Information Technology 2, 6, 35 - 38	India
00000-65999	Approximation of Similarity Frames Using Bayes Error Rate	K.V. Nageswari ,K. Raja ,R.N.V. Jagan Mohan,	2014	International Journal of Research in Computer Applications & Information Technology 2, 6, 39 - 42	India
00000-66001	Implementation of Regularization Method Ridge Regression on Specific Medical Datasets	Vadamodula Prasad,Tamada Srinivasa Rao,Veera Reddy A,Saran N ,Sruthi D ,Bhavya Sri G,Mahesh R ,	2015	International Journal of Research in Computer Applications & Information Technology 3, 2, 25 - 33	India
00000-66008	Unsupervised Clustering of Requirements	B. Saranya ,R. Subha ,S. Palaniswami ,	2013	International Journal of Research in Computer Applications & Information Technology 1, 2, 183 - 188	India
00000-66018	Web Server Farm to Balance and Protect the Loaded File in Cloud	Maheswari. R ,Praveena. R ,Aswiga. R.V ,Jayanthi. S ,	2013	International Journal of Research in Computer Applications & Information Technology 1, 2, 189 - 197	India
00000-66026	Governing of Packet Droppers and Modifiers Attacks in HWSN	Sachin Singh V. Thakur,Rachana Kamble,Deepak Singh Tomar,	2014	International Journal of Research in Computer Applications & Information Technology 2, 6, 43 - 50	India
00000-66028	GPS Based Third-Party Instant Rescue Service	K. Kowsalyadevi ,	2014	International Journal of Research in Computer Applications & Information Technology 2, 2, 5 - 9	India
00000-66034	Minimization of Handoff Failure & Probability of Dropped Call using Channel Borrowing Scheme	Debabrata Sarddar,Sudipto Basak,	2013	International Journal of Research in Computer Applications & Information Technology 1, 2, 198 - 203	India
00000-66042	Object Removal – Resolution to Scaling Problem	S. Manimurugan ,Clare Rani Augustine,Merin Maria David,	2014	International Journal of Research in Computer Applications & Information Technology 2, 2, 10 - 14	India
00000-66043	Improve Low Quality Fingerprint with DWT then Apply	Ankita Kute,Sadhan Mishra,Vivek Kumar,	2014	International Journal of Research in	India

**Journal Name : International Journal of Research in
Computer Applications & Information Technology
(IJRCAIT)**

	Minutiae Matching after Feature Extraction			Computer Applications & Information Technology 2, 6, 51 - 61	
00000-66048	A New Compression Method for Encrypted Images	S. Manimurugan ,Naveen Joshy,Anitt Saji Varghese,	2014	International Journal of Research in Computer Applications & Information Technology 2, 2, 15 - 19	India
00000-66056	The Future of Content Distribution in the Darknet	Sukhjeet Singh,	2016	International Journal of Research in Computer Applications & Information Technology 4, 2, 1 - 7	India
00000-66063	Ubiquitous Computing - Everywhere at the Same Time	Ikvinderpal Singh,	2014	International Journal of Research in Computer Applications & Information Technology 2, 2, 20 - 27	India
00000-66068	Mining on Mobile Applications using K-Means Algorithm	A. V.Krishna Prasad ,M. Varaprasad Rao,	2014	International Journal of Research in Computer Applications & Information Technology 2, 6, 62 - 66	India
00000-66072	Enhanced AODV to Counter Black Hole Attacks in MANET	Bharthi M ,Mydhili K. Nair,	2016	International Journal of Research in Computer Applications & Information Technology 4, 2, 8 - 14	India
00000-66082	Wireless Home and Industrial Security System Using GSM	U. Santosh Kumar,M. Satish Kumar,V. Hemanth Kumar,M. Purnachandra Rao,CH. Vineela ,V. Prasad ,	2019	International Journal of Research in Computer Applications & Information Technology 4, 4, 1 - 6	India
00000-66084	Human Motion Detection Using Passive Infra Red Sensor	K Sravani ,Md Parvez Ahmed,N Chandra Sekhar,G Sirisha ,V Prasad ,	2014	International Journal of Research in Computer Applications & Information Technology 2, 2, 28 - 32	India
00000-66093	DCT Based MFCC in Speaker Recognition	Munmuni Patir,V.K. Govindan ,	2014	International Journal of Research in Computer Applications & Information Technology 2, 6, 67 - 73	India
00000-66100	Cloud as a Service: Another Name of Cloud Computing	Vaibhav Gupta,Sandeep Banerjee,Niti Gupta,	2014	International Journal of Research in Computer Applications & Information Technology 2, 2, 33 - 35	India
00000-66106	Cell Multiplexing and Adaptive Scheduling for Wide Area ATM Networks	P. Rajan ,Arul Lawrence Selvakumar,	2016	International Journal of Research in Computer Applications & Information Technology 4, 4, 7 - 11	India
00000-66112	Defense against Illegal Use of Single Sign on Mechanism for Distributed Network Services	M. Nagasuresh ,M. Vinoth Kumar,	2014	International Journal of Research in Computer Applications & Information Technology 2, 2, 36 - 44	India
00000-66116	Diagnosis of Heart Disease Using Decision Tree	V. Sabarinathan ,V. Sugumaran ,	2014	International Journal of Research in Computer Applications & Information	India

Journal Name : International Journal of Research in
Computer Applications & Information Technology
(IJRCAIT)

				Technology 2, 6, 74 - 79	
00000-66126	Multi factor Authentication for Online Transaction	S. Brindha ,Ila.Vennila ,P. Abirami ,	2014	International Journal of Research in Computer Applications & Information Technology 2, 4, 1 - 10	India
00000-66131	Face Identification Approach Using Hybrid Computing: PCA and Neural Networks	Gurdev Singh,	2014	International Journal of Research in Computer Applications & Information Technology 2, 4, 11 - 19	India
00000-66132	A T+0 Model of Cheque Truncation System from the Customer to the Clearing House on Android-Based Smart Devices	Mikhail Gbadegesin,Charles Robert,	2016	International Journal of Research in Computer Applications & Information Technology 4, 4, 12 - 18	Nigeria
00000-66134	Study and Analysis for the Energy Efficiency Optimization of Ad Hoc Network with Particle Swarm Intelligence	Gurdev Singh,	2014	International Journal of Research in Computer Applications & Information Technology 2, 4, 20 - 28	India
00000-66141	A Study on Text Classification Techniques and Approaches	Susan M George,Sijo Cherian,	2016	International Journal of Research in Computer Applications & Information Technology 4, 4, 19 - 26	India
00000-66147	A Study on Sentiment Analysis	Mamatha Elsa Punnen,Sijo Cherian,	2016	International Journal of Research in Computer Applications & Information Technology 4, 4, 27 - 31	India
00000-66152	Passcode Keystroke Biometric Performance on Smartphone Touchscreens is Superior to that on Hardware Keyboards	Lohit Jain,John V. Monaco,Michael J. Coakley,Charles C. Tappert,	2014	International Journal of Research in Computer Applications & Information Technology 2, 4, 29 - 33	India
00000-66153	A Comparative Study on Different Email Spam Filtering Techniques	Nikhil V Mathew,	2016	International Journal of Research in Computer Applications & Information Technology 4, 4, 32 - 37	India
00000-66167	Eliminating Redundancy in File System Using Data Compression and Secured File Sharing	Raakesh ,Varun Raj G,Krishna R ,L. Maria Michael Visuwasam,	2015	International Journal of Research in Computer Applications & Information Technology 3, 3, 1 - 8	India
00000-66177	Mobile Cloud Computing and Issues - A Survey	Nupur Chugh,Ritu Kadyan,Anisha Dahiya,	2015	International Journal of Research in Computer Applications & Information Technology 3, 6, 12 - 16	India
00000-66178	Data Mining Techniques	Deva D. Damke,Rajeshri Shelke,	2015	International Journal of Research in Computer Applications & Information Technology 3, 3, 9 - 14	India
00000-66185	Effect of Computer Program Design for Children with Autism	Luaayabdulwahedshihab ,	2015	International Journal of Research in Computer Applications & Information Technology 3, 6, 6 - 11	Iraq

**Journal Name : International Journal of Research in
Computer Applications & Information Technology

00000-66189	Analysis and Review of SNET/SDH Computations and New Generation Schemes	Deepak Dhadwal,Ashok Arora,V.R. Singh ,	2015	International Journal of Research in Computer Applications & Information Technology 3, 3, 15 - 27	India
00000-66202	An Improved Approach for Secured Mobile Payment System based on Ecies Cryptography	Ehab M. Alkhateeb,Mohammad A. Alia,Adnan A. Hnaif,	2015	International Journal of Research in Computer Applications & Information Technology 3, 3, 28 - 39	Jordan
00000-66205	A New Approach for CPU Scheduling: CAT Next	Yogesh Kumar,Kuldeep Singh Kaswan,Kamal Saluja,	2015	International Journal of Research in Computer Applications & Information Technology 3, 6, 17 - 22	India
00000-66210	Detection and Prevention of Denial of Services Attacks in MANETS	Harish ,Satish ,	2015	International Journal of Research in Computer Applications & Information Technology 3, 6, 23 - 31	India
00000-66211	Travel Web Planner: Intelligent System to Organize Tour for Travellers Based on Heuristic Network Approach	Hamid Sadeq Mahdi Alsultani,Qusay Kanaan Kadhim,	2015	International Journal of Research in Computer Applications & Information Technology 3, 3, 40 - 47	Iraq
00000-66216	Comparative Analysis of Network Simulators – A Literature Review	Kamal Saluja,	2015	International Journal of Research in Computer Applications & Information Technology 3, 6, 32 - 39	India
00000-66226	Location Centered Application for Advanced Pervasive Computing Strategies	Sasikumar Perumal,Shumet Walelign,Tibebu Goa,	2015	International Journal of Research in Computer Applications & Information Technology 3, 4, 1 - 10	Ethiopia
00000-66234	SecuredPass - A User Authentication Protocol Resistant to Password Reuse and Password Stealing Attacks	Anju S ,Deepthi Sucheendran,Arun R ,	2015	International Journal of Research in Computer Applications & Information Technology 3, 4, 11 - 18	India
00000-66236	A Reliable and Trusted Routing Scheme in Wireless Mesh Network	Syed Yasmeen Shahdad,Gulshan Amin,Sharjeel Shamas Makhdoomi,	2015	International Journal of Research in Computer Applications & Information Technology 3, 1, 1 - 11	India
00000-66244	A Comparison of EMG and EEG Signals for Prostheses Control using Decision Tree	V. V. Ramalingam ,S. Mohan ,V. Sugumaran ,	2013	International Journal of Research in Computer Applications & Information Technology 1, 1, 1 - 8	India
00000-66249	Estimate the Software Reliability with Recursive Go-Model	Satish ,Harish ,	2015	International Journal of Research in Computer Applications & Information Technology 3, 6, 40 - 49	India
00000-66252	An MDA Based Multi Agent Decision Support System: Towards an Automatic Code Generation	Abdelaziz El fazziki,Abderrahmane Sadiq,Mohamed Sadgal,	2015	International Journal of Research in Computer Applications & Information Technology 3, 4, 19 - 28	Morocco
00000-66258	The Use of Integrated Databases, Federated Databases and	Verah Nyagoto Makori,	2013	International Journal of Research in	Kenya

Journal Name : International Journal of Research in
Computer Applications & Information Technology

00000-66492	A Study on Privacy Preserving Multi-Keyword Ranked Search over Encrypted Cloud Data	Vipin Das,Prasanth K Baby,	2016		International Journal of Research in Computer Applications & Information Technology 4, 3, 33 - 37	India
00000-66496	Role of Transmission Time Interval on Latency Reduction in Long Term Evolution	Sandeep Singh,Hemant Salwan,	2014		International Journal of Research in Computer Applications & Information Technology 2, 3, 113 - 117	India
00000-66498	A Study on Multi Tenancy in Cloud Data Storage and Management	Susan M George,Sijo Cherian,	2016		International Journal of Research in Computer Applications & Information Technology 4, 3, 38 - 43	India
00000-66503	A Study on Satellite Image Classification	Sindhu ,M J Siva Shankar Ganesh,	2016		International Journal of Research in Computer Applications & Information Technology 4, 3, 44 - 47	India
00000-66510	A Study on Packet Dropping Attack Detection Methods in MANETs	Reni K Cherian,Roshan Thomas Jacob,	2016		International Journal of Research in Computer Applications & Information Technology 4, 3, 48 - 52	India
00000-66511	A Cooperative Game Theory in Helpful Communications	Sachchida Nand Prasad,B.P. Kumar ,	2014		International Journal of Research in Computer Applications & Information Technology 2, 3, 118 - 125	India
00000-66516	Techniques for MRI Brain Tumor Detection: A Survey	Vipin Das,Jisha Rajan,	2016		International Journal of Research in Computer Applications & Information Technology 4, 3, 53 - 56	India
00000-66518	A Study on Fog Computing	Sijo Cherian,Mamatha Elsa Punnen,	2016		International Journal of Research in Computer Applications & Information Technology 4, 3, 57 - 60	India
00000-66525	Modified Q-aware Scheduling Algorithm for Improved Fairness in 802.16j Networks	P Chandrakanth ,C. Kishore ,	2015		International Journal of Research in Computer Applications & Information Technology 3, 5, 1 - 13	India
00000-66533	Split-Window Coefficients for Land Surface Temperature Retrieval from Meteosat Second Generation Satellites Series	M. Lahraoua ,N. Raissouni ,A. Chahboun ,A. Azyat ,N. Ben Achhab,S. El Adib ,A. Abbous ,	2015		International Journal of Research in Computer Applications & Information Technology 3, 5, 14 - 19	Morocco
00000-66537	A Novel Hierarchical Clustering Algorithm based on Number of Clusters	Tang Zhi-hang,Wen Zhong-hua,	2014		International Journal of Research in Computer Applications & Information Technology 2, 5, 1 - 6	China
00000-66540	WSN Security Concept - Monitoring Battery Discharge Rate of Individual Sensors	Jayasutha D ,C Kalaiarasan ,	2014		International Journal of Research in Computer Applications & Information	India

				Technology 2, 5, 7 - 11	
00000-66544	A Classification Performance on Multiple Frames of Advertisement and Non Advertisement Videos using C4.5 Algorithm	B. Rebecca Jeya Vadhanam,S. Mohan ,V. Sugumaran ,	2013	International Journal of Research in Computer Applications & Information Technology 1, 2, 1 - 7	India
00000-66549	Distributed Segment Tree Using MapReduce	Seyed Vahid Sanei Mehri,Ehsan Akhtarkavan,Saeed Erfanian,	2014	International Journal of Research in Computer Applications & Information Technology 2, 5, 21 - 26	Iran
00000-66554	Fuzzy Rough Set Approach for Selecting Informative Genes for Multiclass Microarray Data	NAVEENA S ,Saranya D ,Aiswaryadevi V J ,	2013	International Journal of Research in Computer Applications & Information Technology 1, 2, 8 - 19	India
00000-66563	Identification of Object Using GBSM Method and Classification Using Support Vector Machine	Amit Thakur,Avinash Dhole,	2013	International Journal of Research in Computer Applications & Information Technology 1, 2, 20 - 25	India
00000-66580	Enhancing Identity Based Authentication Using Partial Key Mechanism in Cloud Computing	Priyaadharshini M ,B. Vinayaga Sundaram,Teenu Rose Jacob,	2013	International Journal of Research in Computer Applications & Information Technology 1, 2, 26 - 33	India
00000-66594	Encryption Using Parity	M. Yamuna ,Harsh Shah,Akhil Dandamudi,Pranav Mahajan,	2013	International Journal of Research in Computer Applications & Information Technology 1, 2, 34 - 38	India
00000-66624	Mobile GIS Platform: MGISP – Integrated Framework for High Institutions Management and Decision-Making Improvement	Abdelilah Azyat,Naoufal Raissouni,Nizar Ben Achhab,Asaad Chahboun,Mohamad Lahraoua,	2013	International Journal of Research in Computer Applications & Information Technology 1, 2, 39 - 53	Morocco
00000-66629	PRBS - A Petal Routing Based Scheme in Mobile Adhoc Network	M. Dharani ,N. Jeba ,	2013	International Journal of Research in Computer Applications & Information Technology 1, 2, 54 - 62	India
00000-66646	UCPNet: Enhancing the Use Case Points Method for Software Cost Estimation Using Petri Nets	Twinkle Rachel Thomas,Sathish Kumar B,	2013	International Journal of Research in Computer Applications & Information Technology 1, 2, 63 - 70	India
00000-66654	Algorithm for Sequence Alignment in Regular Expression Signature Generation	Anvesh Kumar.B,Nisha V. M ,	2013	International Journal of Research in Computer Applications & Information Technology 1, 2, 71 - 75	India
00000-66665	Implementation of Algorithms Related to Association Rules in Large Databases	Sambit Kumar Mishra,Srikanta Pattnaik,Dulu Patnaik,	2013	International Journal of Research in Computer Applications & Information Technology 1, 2, 76 - 78	India
00000-66670	Diamond Granular Computing Algorithm for Image Segmentation	Weihua Li ,Hongbing Liu,	2015	International Journal of Research in Computer Applications & Information Technology 3, 2, 1 - 7	China
